

# The Five Foundations for *Living in the Miracle Zone* **WITH MONEY**

- 1. Take responsibility for your life and your relationship with money. Be a victor, not a victim. Replace blaming, shaming, and complaining with embracing your power.*
- 2. Live with an open heart. Lovingly practice gratitude, forgiveness, compassion and kindness. Give and receive in joy and balance.*
- 3. Choose where you put your energy, attention, and money. Consciously direct your thoughts, words, feelings, actions, and money towards what you want expanding in your life. Favor what supports a miraculous life.*
- 4. Trust in the universe around money. See and accept Divine perfection at work in every situation. Let go, knowing that we live in a benevolent universe, and you're always taken care of.*
- 5. Listen to your soul. Live aligned with your Highest Truth, honoring your inner guidance in every situation, including with money. Be self-referral rather than outer-referral.*
