

# *Your Year of Miracles*

## *Quick Start Guide*

**W**e're so happy to welcome you to Your Year of Miracles 2021! To easily get started, here are the top three things you can do to jumpstart your Miracles Journey.

### ***1. Be on the lookout for miracles—big and small—and write them down in a favorite journal or in your Miracles Journal.***

When you pay attention daily (or every few days) to the miracles you are experiencing, you'll attract even more miracles, since what you put your attention on will grow stronger in your life. So look for the miracles in your life—big and small—and write them down. You can use a favorite journal for this or you can download and use your Miracles Journal.

[To download your Miracles Journal, click here.](#) If you'd like to fill out your Miracles Journal by hand, you can print it out and write directly in it. Some people even like to take it to their local printer and have it bound! Or if you prefer, you can type in your Miracles Journal directly on your computer (it's a "fillable" PDF). If you do, make sure to save all of your entries. For help with downloading and using the Miracles Journal on your computer, [you can watch the short video tutorial here.](#)

### ***2. Watch the 3 Miracles Intentions Visioning Process and choose your 3 Miracle Intentions for the year.***

The first step to manifesting your miraculous dreams is to set your soul-based intentions. Please do the powerful *3 Miracles Intentions Visioning Process*, as guided by Marci, to help you connect with your Miracle Intentions from your soul. ### ***3. Download the 5 Foundations for Living in the Miracle Zone.***

These five principles will greatly support you in living more and more in the Miracle Zone. Throughout the year, we'll be referring to these and diving more deeply into the principles. Each week, you'll choose one Foundation to focus on that you feel will most support you in the upcoming week. These three simple steps but powerful steps can help kickstart your YOM journey! And remember, you can't do this wrong or fall behind. Go about your Miracles Journey at a pace that works for you, and give it a little of your gentle attention. Just being in the collective energy of the entire Miracles family will support your journey and raise your energetic vibration. See you in the Miracle Zone!
